SPECIALITIES

■ GRANITE CUTTING THICKNESS

2 cm, 3 cm, 4 cm, 5 cm, 6 cm, 7 cm, 8 cm, 10 cm, 12 cm, 15 cm & 20 cm and above as per requirement.

■ GRANITE SURFACE FINISHES

- POLISHED : Satin smooth finish achieved using Diamond Abrasives.
- HONED : A smooth finish with a slight sheen, produced by using special polishing abrasives.
- FLAMED : The top surface of the Granite Tile / Slabs is burnt off, giving an irregular texture.
- SANDBLAST : Sawn stone Granite Tiles / Slabs are coarsely polished thus removing saw marks & leaves a semi-smooth, blasted finish.
- BRUSHED : The Honed / Flamed / Sandblasted, Granite Tiles / Slabs are finished using nylon or diamond brushes.
- ANTIQUE : The Granite Tiles / Slabs are flamed and brushed.
- LEATHER : The Granite Tiles / Slabs are brushed, using a series of diamond brushes for a leather texture.
- LAPATHURA : The Granite Tiles / Slabs are brushed, polished & again brushed for a combination of polished & honed finish.

SMALLER | LEANER | CUTTER

Godwin Stone Pvt. Ltd.

To cater to the tremendous demand for small granite slabs, we have set up another unit under the name of Godwin Stone Pvt. Ltd. This unit caters exclusively to those who require smaller granite slabs of the highest quality. We have five multi-cutters and one line-polisher to deliver excellent quality finishing.

DAZZLING | ALLURING | INTRODUCING

Paradigm Quartz

Quartz or Engineered Stone is an agglomerated natural stone comprising mainly of natural quartz bonded along with resins and pigments.

To meet the growing demand for natural quartz-based Engineered Stone slabs, we at Paradigm Granite Pvt. Ltd have started **PARADIGM STONE INDIA PVT. LTD.** Spread over an area of 30000 sq. ft. with a covered area of almost 10000 sq. ft. the plant near Hosur,

Tamil Nadu uses **BERTON** callibration, polishing machines and other top quality imported machines. The fully automated plant from BERTON ITALY will produce PARADIGM QUARTZ STONES of the highest quality. The high stone aggregate content not only gives this product its natural beauty, but makes it extremely versatile.

Paradigm Quartz is produced in different colors and patterns along with a variety of finishes. These include polished, sanded, bush hammered, brushed, "soft touch" effect and others. It is possible to produce slabs with different patterns and tones, ideal for satisfying the most sophisticated and contemporary internal and external cladding requirements.
